

#GAW910 GROUND ACCESS WELL

DESCRIPTION

- Manufactured from HDPE (High Density Polyethylene).
- Static vertical load rating = 350 PSF.
- 10-1/4" deep.
- Weighs approximately 4-1/2 pounds.

FEATURES

- 9-1/4" diameter "Twist Lock" cover with locking bolt.
- 2 Knock outs (mouse holes) allow for routing conductor to the inside.

APPLICATIONS

- Provides access to ground electrodes for visual and ground testing inspections.
- For use in non-vehicular traffic areas.
