

Hammer Head Installation Instructions

HHGRC Series Ground Rod Connectors

PRECAUTIONS:

- Consult the authority having jurisdiction (AHJ) for all required personal protective equipment (PPE).
- Use with designated conductor and grounds rods.

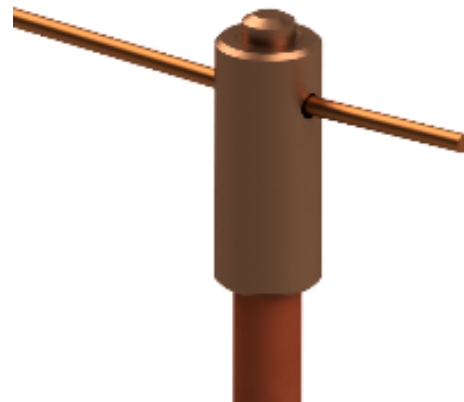

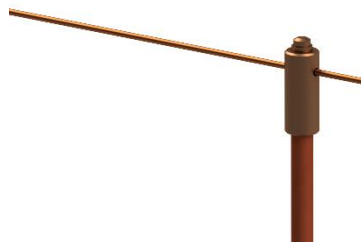

CONNECTION PROCEDURE:

1. Insert ground conductor through the HHGRC and place on top of ground rod that has already been driven.

2. Using a hammer, drive the HHGRC onto the ground rod.

3. Continue to strike with Hammer until connection is complete. Connection is complete when the lock pin shoulder is level with connector body.
