

# HARGER®

## Tower Bonding Clamp

Grounding Points for Tower Equipment and Structures

# FEATURES

Harger Tower Bonding Clamps consist of a heavy-duty cast bronze clamp with a range of single hole and double hole lugs. They provide a secure grounding point for structures including communication towers. Compression lugs come attached to the clamp and ready for field termination. Tamper-proof hardware options are available for theft deterrence.

- Simple one or two bolt installation
- Wide flange range (0.125" - 0.625")
- UL 467 Listed (10 AWG to 1/0)

| One Hole Lugs |           |            |
|---------------|-----------|------------|
| Harger SKU    | Wire Size | Harger Lug |
| TBC10         | #10       | GECL103/8  |
| TBC8          | #8        | GECL83/8   |
| TBC6          | #6        | GECL63/8   |
| TBC4          | #4        | GECL43/8   |
| TBC2          | #2        | GECL23/8   |
| TBC1/0        | 1/0       | GECL1/0    |

 US Listed 467

| Two Hole Lugs |           |            |
|---------------|-----------|------------|
| Harger SKU    | Wire Size | Harger Lug |
| TBC210        | #10       | GECL102    |
